EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Wonki Park on July 7, 2004.

The application has been amended as follows: In claim 1, line 10, "fo" is replaced with --of--. In the last line of claim 1, --the-- is inserted after "between". In the last line of claim 11, "the sleeve" is replaced with --at least one of the sleeves--.

The following is an examiner's statement of reasons for allowance: The examiner has adopted the position set forth by applicant in the REMARKS on page 8, lines 9-19 of the amendment filed on June 24, 2004. There is no suggestion in the references for combining the Austrian reference (804) with applicant's admitted prior art. Further, any such combination would not teach the claimed limitation of the sleeves secured between the cover and the top connecting member. The O-rings of Druschel are not regarded as sleeves and are not secured between a cover and a top connecting member. All previous rejections are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lloyd A. Gall whose telephone number is 703-308-0828. The examiner can normally be reached on Monday-Friday, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Bagnell can be reached on 703-308-2151. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
